The image shows a dark blue control panel for a synthesizer named 'ModyPoly'. At the top, the name 'ModyPoly' is written in white. Below it, there are several control sections. On the right side, there are five circular knobs labeled 'TR/LFO FREQUENCY', 'FINE', 'AMOUNT', 'PORTA TIME', and 'SH CLOCK SRC'. Below these are four more knobs labeled 'FILTER', 'ARP', 'KEYBOARD', and 'SAMPLE & HOLD'. In the center, there are four vertical sliders labeled 'CUTOFF', 'CLOCK', 'DIVIDE', and 'SUSTAIN'. To the left of these sliders are three columns of buttons, each with three buttons. The bottom row of buttons is labeled 'CLOCK', 'DETUNE', and 'TIME'. The bottom-most row of buttons is labeled 'DIVIDE' and 'AMOUNT'.
